Subject: Re: Briefing for Sen. Tester staff re Libby asbestos toxicity assessment update -- can you do next Thursday or Friday?

I talked with Virginia Sloan, Senator Tester's Field Director in Kalispell, MT. Based on her input, they are not expecting a presentation from EPA during this conference call. Rather the call will be a discussion with a focus on the following issues:

- 1) Impact of toxicity values on OU5 ROD and economic development concerns
- 2) How EPA is planning to move forward with decision making at the site
- 3) Matt Brown article on OU5 Bark
